ABOUT ME

I am a third year student at Hacettepe University Industrial Engineering. Throughout my academic career, I acquired my basic knowledge and skills by taking various courses in the field of industrial engineering. During this process, I developed an in-depth understanding of issues such as operational excellence, process improvement and productivity enhancement. In addition, I am constantly improving my problem-solving, analytical thinking and teamwork skills. Additionally, thanks to my communication skills, I believe that I can communicate effectively with stakeholders both within the team and outside the company. With my leadership skills and capacity to take responsibility, I aim to contribute to the company's achievement of its goals by taking an active role in projects.

Final grade 96/100

15/09/2018 – 19/06/2019 malatya, Türkiye

HIGHSCHOOL Fethi Gemuhluoğlu Fen Lisesi

12/09/2012 – 10/06/2016 Malatya, Türkiye

SPECIAL SCIENCE AND ART TRAINING (BİLSEM) Malatya Bilim ve Sanat Merkezi

WORK EXPERIENCE

01/07/2024 – 29/07/2024 Ankara

PLANNING AND CHANGE MANAGEMENT INTERN TURKTRAKTOR AGRICULTURAL MACHINERY CO.

During my internship at Türk Traktör, I had the opportunity to immerse myself in the intricate processes of central planning and change management within a leading manufacturing environment. I actively participated in analyzing production workflows and conducting time studies, which enhanced my understanding of operational efficiency. I gained valuable insights into supply chain management and sustainability practices, further enriching my knowledge in these critical areas. My experience was complemented by training in Agile methodologies and Scrum frameworks, equipping me with essential skills for effective project management. I also engaged in bi-weekly meetings aimed at fostering knowledge sharing and collaboration within the planning department, which deepened my appreciation for strategic planning and teamwork in a corporate setting.

03/07/2023 – 28/07/2023 Ankara, Türkiye

QUALITY CONTROL INTERN GREBO AUTOMOTIVE INC.

My internship experience in the automotive industry has not only been a job experience for me but also brought along numerous learning opportunities. I spent a significant portion of my internship in the quality control department. This period contributed greatly to my understanding of the importance of standards and precision in the sector. Throughout the internship, I was involved in every step of quality control in the production stages of automotive parts, from material entry to the production process, conducting inspections and implementing quality control tests to ensure compliance with quality standards. Additionally, I gained experience in preparing and analyzing quality reports

of products. I noticed significant improvements in my attention to detail and analytical skills. Evaluating compliance with quality standards provided me with the opportunity to enhance my problem-solving abilities. Furthermore, I improved my communication and collaboration skills within the team and gained a better understanding of the importance of teamwork. My internship experience helped me grasp the complexity and significance of quality control processes in the automotive sector.

● **LANGUAGE SKILLS**

Mother tongue(s): **TURKISH**
